

# Grand EM Project

[glycsailingfoundation.org](http://glycsailingfoundation.org)

In memory and honor of Ella Mae Sutherland, the Grand EM Project is the primary 2009 fundraiser for the GLYC Sailing Foundation.

## PROJECT GOAL

Raise \$75,000 by December 31, 2009.

Funds from the Grand EM Project will support the major initiatives of the foundation including those summarized below.

### GLYC Sailing School Next Generation Fleet and Education Plan

Currently in its second draft form, the Next Generation Fleet and Education Plan is designed to transform the GLYC Sailing School as of the 2010 season. Central to this plan is the need for approximately 15 new boats, including new classes of boats to evolve and better support the delivery of sailing instruction. Once transformed, the sailing school fleet will allow the school to reorganize its operations and deliver a higher quality, more motivating, and safer sailing education program.

Questions should be directed to Jay O'Neill.

### NSCD / GLYC Disabled Sailing Programs

The National Sports Center for the Disabled (NSCD), in conjunction with the GLYC, are hosting three disabled sailing programs this summer. These programs have been widely viewed as a success and benefit the disabled community and the members of the GLYC alike. Although a success, these programs include special considerations in equipment and supporting facilities that require continued foundation support.

Questions should be directed to Kevin Cox.
